INFORMATION ABOUT YOUR POLICY

It is important that you read this policy document along with your schedule of cover carefully to ensure that it meets your requirements and that you understand the conditions and what is and what is not covered by this policy.

The policy is designed to cover most events; however, it will not provide cover for all circumstances, and **we** expect that **you** take all possible care to safeguard against accident, injury, loss or damage as if **you** had no insurance cover.

You will find full details of the cover, conditions, and exclusions in this policy. If you have any queries, or require additional cover please contact the issuing agent.

Cover is provided for each traveller whose name appears on the insurance documentation and where the policy premium has been paid. In the event that **you** have paid for a **trip** on behalf of other individuals not insured by this policy please be advised that **your** policy only provides cover for **your** proportion of **trip** costs, as opposed to the amount **you** have paid on behalf of others. If the Schedule of Cover and limits show NIL/No cover then that section of the policy is not applicable to the insurance cover **you** have purchased. **We** have a cancellation and refund policy, which **you** will find in full later in this document.

ACCURATE AND RELEVANT INFORMATION

You have a duty to take reasonable care to answer questions fully, honestly, accurately, to the best of **your** knowledge and any information **you** give to **us** must not be misleading. This applies when **you** take the policy out, at any time during the policy period and in the event of a claim.

The terms of any insurance that **we** arrange on **your** behalf will be based upon the information provided by **you** to **us**. If **you** don't understand the meaning of any question, or do not know the answer it is vital that **you** tell **us**. Once cover has been arranged, **you** must contact **us** immediately to notify **us** of any changes to the information that has been previously provided to **us**. The most serious consequence of failing to provide full, and accurate information, or misleading information before **you** take out insurance or when **your** circumstances change, could be the invalidation of **your** cover and in that instance, it would mean that a claim will be rejected.

We reserve the right to cancel **your** policy from inception and refuse all claims made against it following a misrepresentation or suspected fraud.

In the event that it becomes necessary to cancel **your** policy, we will issue immediate notice of cancellation of the policy by email and/or recorded delivery to **you** at **your** last known address.

This insurance is sold on the understanding that **you** agree with all of the following points unless an amendment has been agreed with **us** and **we** have confirmed in writing:

CLAIMS

To make a non-emergency claim on the policy please visit <https://www.imglobal.com/member/assistance/claims> or call +44 (0)2920 474138. Open 9am-5pm Monday-Friday.

IN CASE OF A SERIOUS EMERGENCY

If you need medical assistance when you are away, you should call 112 in Europe, 911 in the USA and Canada or the local equivalent of 999.

You must then call our 24/7 assistance team, on +44 (0)2920 474133 to authorise cover.

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide **emergency treatment**, management or care is a clear breach of an established duty of care.

This is a travel insurance policy and not private medical insurance. This means there is no cover for any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available. **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

Whilst the actual medical care **you** receive is in the hands of the local doctors treating **you**, **we** can obtain the medical information **we** need from them to establish what is wrong, as well as their treatment and discharge plans. **We** can support **you** in the event **you** are admitted to a facility that may not be capable for **your** clinical needs or where there are concerns over practice. In order for **us** to discuss **your** medical condition with **your** doctors, **you** will need to sign a release of information authorising **our** claims administrator to access **your** medical records. **You** should keep copies of medical documents provided by the local doctors and submit them to support **your** claim.

We will then advise on, and can put in place, suitable **repatriation** plans to get **you home** as soon as it is medically safe to do so. **We** will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to **your** individual needs and **your** recovery.

It is important that **you** are aware of the following:

Medical Treatment (important considerations)

- There is no cover for:
 - routine, non-emergency, elective cosmetic or elective treatment
 - treatment that can wait until **you** return home
 - Any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available.
- **The 24/7 assistance** doctors are not treating **you**; they are not responsible or in control of the clinical care **you** are receiving in a medical facility.
- **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible **you** may have to wait as **you** would in **your** local NHS hospital unless **you** require critical care.
- Once **you** are discharged from hospital this does not always mean **you** are fit to fly home – For example, if **you** were in the **United Kingdom** and suffered the same injury/illness, then **you** would not consider flying out on holiday so soon after surgery/treatment/incident. In an instance like this **you** must speak to the 24/7 assistance team for advice.
- Some medical facilities may raise charges that are far in excess of what is customary and reasonable; **we** will deal with such bills directly and there is no need for **you** to pay them. **You** simply need to pass any correspondence about such bills to **our** claims administrator to ensure **we** can provide full financial protection.

Repatriation (important considerations for bringing you home)

- Coming home straight away is not always an option even if **you** are considered 'fit to fly' by the treating doctor.
- **We** have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to **your** individual needs and **your** recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.
- Things change – if **your** health, stability, or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are 'flying intensive care units' and are only used to transport critical patients to a hospital in the **United Kingdom** when medically necessary.

In the event that you do receive out-patient treatment when you are travelling

In European Union Countries – The Global Health Insurance Card (GHIC) allows **you** (provided **you** are a **United Kingdom** or **BFPO resident**) to access state-provided healthcare in all European Union (EU) countries, excluding Switzerland, Iceland, Liechtenstein. The GHIC is also not valid in Norway, however **you** can use a **UK** passport to get medically necessary state healthcare in Norway. **We** strongly recommend that **you** carry **your** GHIC with **you** when travelling abroad. Remember to check **your** GHIC is still valid before **you** travel. Applying at <https://services.nhsbsa.nhs.uk/cra/where-will-you-live> for the card is free. If **your** GHIC is accepted whilst obtaining medical treatment abroad **your** policy **excess** will be reduced to Nil (with the exception of increased **excess** relating to declared **medical conditions**).

If **you** are travelling outside the EU, then there are some countries that have reciprocal agreements with the **UK** and the Channel Islands and these can be found on www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEACountries/Pages/Non-EEACountries.aspx. Please note **residents** of the Isle of Man or **Channel Islands** are not eligible for a GHIC. Any **UK** issued European Health Insurance Card (EHIC) remains valid until the date of expiry on the card. **You** will be responsible for 75% of the medical charges if treated in a private facility, where **we** have made you aware that there were/are **capable public facilities** available to **you**.

In Australia – **you** should enrol for Medicare, and have it accepted.

Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and **your** standard policy **excess** will be waived from any claim **you** may make. **You** will be responsible for 75% of the medical charges if treated in a private facility, where **we** have made you aware that there were/are **capable public facilities** available to **you**.

In the United States – **you** should contact the **24/7 assistance team** as soon as possible, **USA** based medical facilities may raise charges that are far in excess of what is reasonable and customary and due to local practices, **you** may be contacted due to balance billing by collection agencies.

Everywhere else in the World – if there is no **capable public facility** that will treat **you** free of charge, **you** can pay the medical facility and retain all receipts so that **you** can make a claim when **you** get home provided the costs do not exceed £500.

If the costs exceed or are likely to exceed £500; or if you are admitted to hospital, you must call the 24/7 assistance team on: +44 (0)2920 474133 to authorise cover

If you do not follow these instructions or the advice and recommendations of the 24/7 assistance team your claim may be rejected or not paid in full.

HEALTH/EXISTING MEDICAL CONDITIONS

This policy contains health restrictions that apply to the cover provided under the Cancellation, **Curtailement** and Emergency Medical and Repatriation Expenses sections.

This policy will **not pay** for any claims arising from any **existing medical conditions** or if **you** or anybody insured by this policy are awaiting or undergoing treatment or **you** or anybody insured by this policy are undergoing or awaiting any medical investigations or consultation or awaiting diagnosis or test results or treatment.

Additionally, for cover to apply:

1. **You** must be healthy and fit to undertake **your** planned trip.
2. **You** must not travel against medical advice or with the intention of obtaining medical treatment or consultation abroad.
3. **We** will not cover **you** if **your** state of health is worse when you travel than at the time **you** purchased this policy.
4. **Your** policy may be cancelled or treated as if it never existed and **your** claims may be rejected or not fully paid if a claim is made relating to an **existing medical condition, illness** or injury of the **Insured Person(s)**, or any person who **your** travel depends on, which **you** or they knew about before **you** bought this insurance, or which develops before **your** outward journey.

If you have an **existing medical condition**, **you** should phone **your** issuing agent on 0330 131 9950, to see if cover is available through an alternative policy.

Change in circumstances

If **you** suffer an injury, **illness** after taking out this insurance but before starting **your trip** (this is known as a change in circumstance). Any change in circumstances must be notified to **us** and accepted in writing in order to be covered under all sections of the policy. **You** will only be covered under the cancellation section of this policy until we have accepted any changes.

To declare a change in **your** circumstances, **you** must contact **your** issuing agent during office hours on 0330 131 9950 to see if **we** can provide cover for **your trip**. **We** may, in the light of such changed circumstances, not be able to continue cover under this insurance. In this instance **we** will cover **you** for any loss of deposit or cancellation charges **you** have necessarily incurred up to the date of the change of circumstances that are normally covered under Policy A Section 1 of this insurance. In these circumstances, no policy **excess** will be applied.

Pregnancy

Pregnancy and Childbirth are not considered to be **existing medical conditions**. **Our** policies are designed to include cover under the Cancellation section, **Curtailement** section and Emergency Medical and **Repatriation** Expenses section) for Pregnancy and Childbirth from week 0 to week 28 inclusive for a single pregnancy, or week 0 to week 24 inclusive for a multiple pregnancy, whilst **you** are away.

From the start of week 29 and up until week 40 for a single pregnancy, or the start of week 25 and up until week 40 for a multiple pregnancy, cover is only provided under the Cancellation section, **Curtailement** section and Emergency Medical and **Repatriation** Expenses section if any of the following complications arise: Toxaemia, Gestational hypertension, Ectopic pregnancy, Post-partum haemorrhage, Pre-eclampsia, Molar pregnancy or hydatidiform mole, Retained placenta membrane, Placental abruption, Hyperemesis gravidarum, Placenta praevia, Stillbirth, Miscarriage, medically necessary Emergency Caesarean, A termination needed for medical reasons, Premature birth more than 12 weeks (or 16 weeks if **you** know **you** are having more than one baby) before the expected delivery date.

The policy will not cover any claims relating to normal pregnancy or normal childbirth. **We** will not cover denial of boarding by **your** carrier, so **you** should check that **you** will be able to travel with the carrier/airline in advance. If at the time of booking **your trip** **you** are aware that **you** are pregnant, **you** must ensure that **you** are able to have the required vaccinations for that **trip**; no cover will be provided for cancellation in the event that, after booking **you** discover travel is advised against, or **you** are unable to receive the appropriate and required vaccinations for that country. Please make sure **your** Medical Practitioner and Midwife are aware of **your** travel plans, and that there are no known complications, and **you** are fit to undertake the planned **trip**.

HOW YOUR POLICY WORKS

Your policy wording

Your insurance document shows details of both pre-travel (Policy A - cancellation) and travel (Policy B - all other sections) insurance policies, including the sections of cover, terms, conditions, things which are not covered, and information on what to do if **you** need to claim. The policy is a legal contract between **us** and **you**. **We** will pay for any insured event, as described in the policy, that happens during the **period of insurance** and for which **you** have paid the appropriate premium. Travel insurance policies have specific requirements for both purchasing and making successful claims. Please take the time to read and understand it straight away as not all policies are the same. All risks which are covered are set out clearly in sections with terms, conditions, and things which are not covered; if **your** circumstances do not fit those specified then there is no cover in place.

Extension of cover

If **you** are unable to complete the **trip** before **your** travel policy expires, cover will be automatically extended without additional premium for the additional days necessary to complete the **trip** in the event of either:

- **your** death, injury, or **illness** during **your trip**
- **you** having to isolate due to an infectious disease during **your trip**
- delay or failure of **public transport** services during **your trip**
- delay or failure of **your** return **flight** to the **United Kingdom, Channel Islands, Isle of Man or BFPO** from **your international departure point**

If **you** request an extension of the **period of insurance** (for any reason not listed above), after the commencement of travel **you** must contact your issuing agent to see if **we** can provide cover. **We** will be unable to extend **your** policy:

- If **you** have submitted a claim or are aware of a circumstance that could reasonably be expected to cause a claim under this policy
- If the total period exceeds the maximum **trip** duration allowed under this policy
- if **your** policy has expired.

EMERGENCY MEDICAL AND REPATRIATION EXPENSES (POLICY B SECTION 2) (THIS IS NOT PRIVATE MEDICAL INSURANCE)

There is no cover for any expenses incurred in private medical facilities if we have confirmed medically capable public facilities are/were available. We reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

We will pay for trips outside your home country up to the amount shown in the schedule of cover OR up to £1,000 for trips inside your home country for necessary emergency expenses (that are payable within six (6) months of the event that causes the claim resulting from your death, injury, or illness) for:

1. customary and reasonable fees or charges for necessary and **emergency treatment**, to be paid outside **your home country** for medical, surgical, hospital, nursing home or nursing services.

2. additional travel, accommodation, and **repatriation** costs to be made for, or by, **you** and for any one other person who is required for medical reasons to stay with **you**, or a child who requires an escort to travel to **you** from **your home country** or to travel with **you**, where it is deemed medically necessary

If you need medical assistance when you are away, you should call 112 in Europe, 911 in the USA and Canada or the local equivalent of 999

You must then call our 24/7 assistance team, on +44 (0)2920 474133 to authorise cover.

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide **emergency treatment**, management or care is a clear breach of an established duty of care.

This is a travel insurance policy and not private medical insurance. This means there is no cover for any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available. **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

Whilst the actual medical care **you** receive is in the hands of the local doctors treating **you**, **we** can obtain the medical information **we** need from them to establish what is wrong, as well as their treatment and discharge plans. **We** can support **you** in the event **you** are admitted to a facility that may not be capable for **your** clinical needs or where there are concerns over practice. In order for **us** to discuss **your** medical condition with **your** doctors, **you** will need to sign a release of information authorising **our** claims administrator to access **your** medical records. **You** should keep copies of medical documents provided by the local doctors and submit them to support **your** claim.

We will then advise on, and can put in place, suitable **repatriation** plans to get **you home** as soon as it is medically safe to do so. **We** will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to **your** individual needs and **your** recovery.

It is important that **you** are aware of the following:

Medical Treatment (important considerations)

- There is no cover for:
 - routine, non-emergency, elective cosmetic or elective treatment
 - treatment that can wait until **you return home**
 - Any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available.
- **The 24/7 assistance** doctors are not treating **you**; they are not responsible or in control of the clinical care **you** are receiving in a medical facility.
- **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible **you** may have to wait as **you** would in **your** local NHS hospital unless **you** require critical care.
- Once **you** are discharged from hospital this does not always mean **you** are fit to fly **home** – For example, if **you** were in the **United Kingdom** and suffered the same injury/**illness**, then **you** would not consider flying out on holiday so soon after surgery/treatment/incident. In an instance like this **you** must speak to the 24/7 assistance team for advice.
- Some medical facilities will raise charges that are far in excess of customary and reasonable; **we** will deal with such bills directly and there is no need for **you** to pay them. **You** simply need to pass any correspondence about such bills to **our** claims administrator to ensure **we** can provide full financial protection.

Repatriation (important considerations for bringing you home)

- Coming **home** straight away is not always an option even if **you** are considered 'fit to fly' by the treating doctor.
- **We** have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to **your** individual needs and **your** recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.

- Things change – if **your** health, stability, or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are ‘flying intensive care units’ and are only used to transport critical patients to a hospital in the **United Kingdom** if treatment is not possible where they are.

In the event that you do receive out-patient treatment when you are travelling

In European Union Countries – The Global Health Insurance Card (GHIC) allows **you** (provided **you** are a **United Kingdom** or **BFPO resident**) to access state-provided healthcare in all European Union (EU) countries, excluding Switzerland, Iceland, Liechtenstein. The GHIC is also not valid in Norway, however **you** can use a **UK** passport to get medically necessary state healthcare in Norway. **We** strongly recommend that **you** carry **your** GHIC with **you** when travelling abroad. Remember to check **your** GHIC is still valid before **you** travel. Applying at <https://services.nhsbsa.nhs.uk/cra/where-will-you-live> for the card is free. If **your** GHIC is accepted whilst obtaining medical treatment abroad **your** policy **excess** will be reduced to Nil (with the exception of increased **excess** relating to declared **medical conditions**).

If **you** are travelling outside the EU, then there are some countries that have reciprocal agreements with the **UK** and the Channel Islands and these can be found on www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEcountries/Pages/Non-EEcountries.aspx. Please note **residents** of the Isle of Man or **Channel Islands** are not eligible for a GHIC. Any **UK** issued European Health Insurance Card (EHIC) remains valid until the date of expiry on the card. **You** will be responsible for 75% of the medical charges if treated in a private facility, where **we** have made you aware that there were/are **capable public facilities** available to **you**.

In Australia – **you** should enrol for Medicare, and have it accepted.

Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and **your** standard policy **excess** will be waived from any claim **you** may make. **You** will be responsible for 75% of the medical charges if treated in a private facility, where **we** have made you aware that there were/are **capable public facilities** available to **you**.

In the United States – **you** should contact the **24/7 assistance team** as soon as possible, **USA** based medical facilities may raise charges that are far in excess of reasonable and customary and due to local practices, **you** may be contacted due to balance billing by collection agencies.

Everywhere else in the World – if there is no **capable public facility** that will treat **you** free of charge, **you** can pay the medical facility and retain all receipts so that **you** can make a claim when **you** get home provided the costs do not exceed £500.

If the costs exceed or are likely to exceed £500; or if you are admitted to hospital, you must call the 24/7 assistance team on: +44 (0)2920 474133 to authorise cover

If you do not follow these instructions or the advice and recommendations of the 24/7 assistance team your claim may be rejected or not paid in full.

(Including any treatment, tests, and associated illnesses for existing medical conditions). Additionally, no cover is provided under this section for:

5. services or treatment received by **you**, for any form of cosmetic or elective surgery.
6. any services or treatment received by **you** after the date that in the opinion of **our** 24/7 assistance team, in consultation with **your** treating doctor, **you** can return **home**, or which can reasonably wait until **you** return to **your home country**.
7. additional accommodation which exceeds the standard of that originally booked or any costs for food or drink.
8. additional **flights** which exceed the standard of that originally booked unless medically necessary and agreed with **our** 24/7 assistance team.
9. any claim where **you** went against FCDO, government, local authority or medical advice relating to any infectious disease, including Covid-19.
10. any claim where the risk associated with bringing **you home** is greater than the risk of **you** remaining in resort.
11. any claim where **your** return **home** would present unnecessary risk to other travellers.
12. medical costs in excess of customary and reasonable levels of charging.
