## INFORMATION ABOUT YOUR POLICY

It is important that you read this policy document along with your schedule of cover carefully to ensure that it meets your requirements and that you understand the conditions and what is and what is not covered by this policy.

The policy is designed to cover most events; however, it will not provide cover for all circumstances, and **we** expect that **you** take all possible care to safeguard against accident, injury, loss or damage as if **you** had no insurance cover.

You will find full details of the cover, conditions, and exclusions in this policy. If you have any queries, or require additional cover please contact the issuing agent.

Cover is provided for each traveller whose name appears on the insurance documentation and where the policy premium has been paid. In the event that **you** have paid for a **trip** on behalf of other individuals not insured by this policy please be advised that **your** policy only provides cover for **your** proportion of **trip** costs, as opposed to the amount **you** have paid on behalf of others. If the Schedule of Cover and limits show NIL/No cover then that section of the policy is not applicable to the insurance cover **you** have purchased. **We** have a cancellation and refund policy, which **you** will find in full later in this document.

## ACCURATE AND RELEVANT INFORMATION

**You** have a duty to take reasonable care to answer questions fully, honestly, accurately, to the best of **your** knowledge and any information **you** give to **us** must not be misleading. This applies when **you** take the policy out, at any time during the policy period and in the event of a claim.

The terms of any insurance that **we** arrange on **your** behalf will be based upon the information provided by **you** to **us**. If **you** don't understand the meaning of any question, or do not know the answer it is vital that **you** tell **us**. Once cover has been arranged, **you** must contact **us** immediately to notify **us** of any changes to the information that has been previously provided to **us**. The most serious consequence of failing to provide full, and accurate information, or misleading information before **you** take out insurance or when **your** circumstances change, could be the invalidation of **your** cover and in that instance, it would mean that a claim will be rejected.

**We** reserve the right to cancel **your** policy from inception and refuse all claims made against it following a misrepresentation or suspected fraud.

In the event that it becomes necessary to cancel **your** policy, we will issue immediate notice of cancellation of the policy by email and/or recorded delivery to **you** at **your** last known address.

## CLAIMS

To make a non-emergency claim on the policy please visit <https://www.imglobal.com/member/assistance/claims> or call 01444 465 590. Open 9am-5pm Monday-Friday.

## IN CASE OF A SERIOUS EMERGENCY

If you need medical assistance when you are away, you should call 112 in Europe, 911 in the USA and Canada or the local equivalent of 999.

You must then call our 24/7 assistance team, on +44 (0)1444 465 573 to authorise cover.

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide **emergency treatment**, management or care is a clear breach of an established duty of care.

This is a travel insurance policy and not private medical insurance. This means there is no cover for any expenses incurred in private medical facilities if we have confirmed medically **capable public facilities** are/were available. We reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

Whilst the actual medical care you receive is in the hands of the local doctors treating you, we can obtain the medical information we need from them to establish what is wrong, as well as their treatment and discharge plans. We can support you in the event you are admitted to a facility that may not be capable for your clinical needs or where there are concerns over practice. In order for us to discuss your medical condition with your doctors, you will need to sign a release of information authorising our claims administrator to access your medical records. You should keep copies of medical documents provided by the local doctors and submit them to support your claim.

We will then advise on, and can put in place, suitable **repatriation** plans to get you home as soon as it is medically safe to do so. We will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to your individual needs and your recovery.

It is important that you are aware of the following:

### Medical Treatment (important considerations)

- There is no cover for:
  - routine, non-emergency, elective cosmetic or elective treatment
  - treatment that can wait until you return home
  - Any expenses incurred in private medical facilities if we have confirmed medically **capable public facilities** are/were available.
- The 24/7 assistance doctors are not treating you; they are not responsible or in control of the clinical care you are receiving in a medical facility.
- We reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible you may have to wait as you would in your local NHS hospital unless you require critical care.
- Once you are discharged from hospital this does not always mean you are fit to fly home – For example, if you were in the **United Kingdom** and suffered the same injury/illness, then you would not consider flying out on holiday so soon after surgery/treatment/incident. In an instance like this you must speak to the 24/7 assistance team for advice.
- Some medical facilities may raise charges that are far in excess of what is customary and reasonable; we will deal with such bills directly and there is no need for you to pay them. You simply need to pass any correspondence about such bills to our claims administrator to ensure we can provide full financial protection.

### Repatriation (important considerations for bringing you home)

- Coming home straight away is not always an option even if you are considered 'fit to fly' by the treating doctor.
- We have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to your individual needs and your recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.
- Things change – if your health, stability, or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are 'flying intensive care units' and are only used to transport critical patients to a hospital in the **United Kingdom** when medically necessary.

### In the event that you do receive out-patient treatment when you are travelling

**In European Union Countries** – The Global Health Insurance Card (GHIC) allows you (provided you are a **United Kingdom** or **BFPO resident**) to access state-provided healthcare in all European Union (EU) countries, excluding Switzerland, Iceland, Liechtenstein. The GHIC is also not valid in Norway, however you can use a UK passport to get medically necessary state healthcare in Norway. We strongly recommend that you carry your GHIC with you when travelling abroad. Remember to check your GHIC is still valid before you travel. Applying at <https://services.nhsbsa.nhs.uk/cra/where-will-you-live> for the card is free. If your GHIC is accepted whilst obtaining medical treatment abroad your policy **excess** will be reduced to Nil (with the exception of increased **excess** relating to declared **medical conditions**).

If you are travelling outside the EU, then there are some countries that have reciprocal agreements with the UK and the Channel Islands and these can be found on [www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEAcountries/Pages/Non-EEAcountries.aspx](http://www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEAcountries/Pages/Non-EEAcountries.aspx). Please note **residents** of the Isle of Man or **Channel Islands** are not eligible for a GHIC. Any UK issued European Health Insurance Card (EHIC) remains valid until the date of expiry on the card. You will be responsible for 75% of the medical charges if treated in a private facility, where we have made you aware that there were/are **capable public facilities** available to you.

**In Australia** – you should enrol for Medicare, and have it accepted.

Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and your standard policy **excess** will be waived from any claim you may make. You will be responsible for 75% of the medical charges if treated in a private facility, where we have made you aware that there were/are **capable public facilities** available to you.

**In the United States** – you should contact the 24/7 assistance team as soon as possible, USA based medical facilities may raise charges that are far in excess of what is reasonable and customary and due to local practices, you may be contacted due to balance billing by collection agencies.

Everywhere else in the World – if there is no **capable public facility** that will treat you free of charge, you can pay the medical facility and retain all receipts so that you can make a claim when you get home provided the costs do not exceed £500.

If the costs exceed or are likely to exceed £500; or if you are admitted to hospital, you must call the 24/7 assistance team on: +44 (0) 1444 465 573 to authorise cover

If you do not follow these instructions or the advice and recommendations of the 24/7 assistance team your claim may be rejected or not paid in full.

## HEALTH/EXISTING MEDICAL CONDITIONS

This policy contains health restrictions that apply to the cover provided under the Cancellation, Curtailment and Emergency medical and repatriation expenses section. For the purposes of this insurance, **you** are considered to have an **existing medical condition** if **you** answer “Yes” to any part of the following questions, which **you** were asked when **you** applied for insurance with **us**:

Have **you**, or are **you**, or anyone in **your** party;

1. taken any prescribed medication, or received any medical treatment in the last two (2) years
2. attended a medical practitioner’s surgery, or hospital or clinic (outpatient or in-patient) in the last two (2) years
3. awaiting medical treatment or investigation
4. ever had any stress, anxiety, depression, or psychiatric condition such as eating disorders, drug or alcohol abuse or mental illness for which **you** have been treated or diagnosed
5. been diagnosed by a medical practitioner as suffering from a terminal illness.

**All existing medical conditions must be disclosed as well as any previous existing medical conditions which could have an impact on your current health**

**Our policy will NOT provide cover for any claims directly or indirectly related to drug or alcohol abuse**

**Please note:**

1. **You** must be fit to undertake **your** planned trip.
2. **You** must not travel against medical advice or with the intention of obtaining medical treatment or consultation abroad.
3. We will cover **you** for **existing medical conditions** that **you** have declared to **us** and which **we** have accepted in writing. These **existing medical conditions** are set out in the “Medical Declaration”.
4. **You** must declare all **existing medical conditions** as well as any previous **medical conditions** which could have an impact on **your** current health. If **you** declare some **existing medical conditions** and not others **your** policy may be cancelled or treated as if it never existed, and **your** claims may be rejected or not fully paid.
5. We may require an additional premium to cover **your existing medical conditions**. Should **you** decide not to pay the additional premium for an **existing medical condition**, **you** will not be eligible for cover and **your** policy will be cancelled in line with the cancellation terms of the policy.
6. We will not cover **you** if **your** state of health was worse than **you** declared to **us** at the time **you** purchased this policy.
7. Please check that the information set out in the “Medical Declaration” is correct. If not, **you** must call your issuing agent on 0330 131 9950 to advise them. If the information is incorrect **your** policy may be cancelled or treated as if it never existed and/ or **your** claims may be rejected or not fully paid.
8. **Your** policy may be cancelled or treated as if it never existed and or **your** claims may be rejected or not fully paid if a claim is made relating to any **medical condition, illness** or injury of the **Insured Person(s)**, or any person who **your** travel depends on, which **you** or they knew about before **you** bought this insurance, or which develops before **your** outward journey where **we** have not been notified.
9. We reserve the right to increase the premium, increase the **excess**, exclude the **existing medical condition**, or withdraw the cover should the stability of the **existing medical condition** make it necessary.

### Non-travelling relatives

If **you** have a non-travelling **close relative** with an existing medical condition who dies or falls seriously **ill**, and as a result **you** wish to cancel or curtail **your trip**, **you** will be covered only if the relative’s Medical Practitioner states that at the time insurance was taken out, or the trip was booked, whichever is the latter, he/she would not have foreseen such a serious deterioration in his or her patient’s existing medical condition.

### Waiting list

If **you** are currently on a waiting list for treatment or investigation for a diagnosed **existing medical condition**, **our** policy will not provide cover for Cancellation or **Curtailment** under the following circumstances:

1. **You** receive an appointment for treatment or investigation which conflicts with **your** planned trip, or
2. As a result of the awaited treatment or investigation **you** become unable to travel on **your** planned trip

Being on a waiting list for treatment or investigation for diagnosed **existing medical conditions** which have been declared to and agreed by **us** does not affect the emergency medical and repatriation section of this policy whilst **you** are away.

Should **you** become aware of a change in **your** diagnosis before **you** travel, please notify your issuing agent **immediately**.

If **you** are awaiting an initial diagnosis for symptoms, **you** are currently experiencing, **we** are unable to provide any cover under this policy until **you** have a confirmed diagnosis which has been declared to and agreed by **us**.

### Change in circumstances (including change in your health)

If **you** suffer an injury, **illness** or **change in your health**, including any changes to medication, after taking out this insurance but before starting **your trip** (this is known as a change in circumstance). Any change in circumstances must be notified to **us** and accepted in writing. In order to be covered under all sections of the policy. **You** will only be covered under the cancellation section of this policy until we have accepted any changes.

To declare a change in **your** circumstances, **you** must contact **your issuing agent** during office hours on 0330 131 9950 to see if **we** can provide cover for **your trip**. **We** may, in the light of such changed circumstances, not be able to continue cover under this insurance. In this instance **we** will cover **you** for any loss of deposit or cancellation charges **you** have necessarily incurred up to the date of the change of circumstances that are normally covered under Policy A section 1 of this insurance. In these circumstances, no policy **excess** will be applied.

### Pregnancy

Pregnancy and Childbirth are not considered to be **existing medical conditions**. **Our** policies are designed to include cover under the Cancellation section, **Curtailment** section and Emergency Medical and **Repatriation** Expenses section) for Pregnancy and Childbirth from week 0 to week 28 inclusive for a single pregnancy, or week 0 to week 24 inclusive for a multiple pregnancy, whilst **you** are away.

From the start of week 29 and up until week 40 for a single pregnancy, or the start of week 25 and up until week 40 for a multiple pregnancy, cover is only provided under the Cancellation section, **Curtailment** section and Emergency Medical and **Repatriation** Expenses section if any of the following complications arise: Toxaemia, Gestational hypertension, Ectopic pregnancy, Post-partum haemorrhage, Pre-eclampsia, Molar pregnancy or hydatidiform mole, Retained placenta membrane, Placental abruption, Hyperemesis gravidarum, Placenta praevia, Stillbirth, Miscarriage, medically necessary Emergency Caesarean, A termination needed for medical reasons, Premature birth more than 12 weeks (or 16 weeks if **you** know **you** are having more than one baby) before the expected delivery date.

The policy will not cover any claims relating to normal pregnancy or normal childbirth. **We** will not cover denial of boarding by **your** carrier, so **you** should check that **you** will be able to travel with the carrier/airline in advance. If at the time of booking **your trip** **you** are aware that **you** are pregnant, **you** must ensure that **you** are able to have the required vaccinations for that **trip**; no cover will be provided for cancellation in the event that, after booking **you** discover travel is advised against, or **you** are unable to receive the appropriate and required vaccinations for that country. Please make sure **your** Medical Practitioner and Midwife are aware of **your** travel plans, and that there are no known complications, and **you** are fit to undertake the planned **trip**.

# HOW YOUR POLICY WORKS

## Your policy wording

Your insurance document shows details of both pre-travel (Policy A - cancellation) and travel (Policy B - all other sections) insurance policies, including the sections of cover, terms, conditions, things which are not covered, and information on what to do if you need to claim. The policy is a legal contract between us and you. We will pay for any insured event, as described in the policy, that happens during the **period of insurance** and for which you have paid the appropriate premium. Travel insurance policies have specific requirements for both purchasing and making successful claims. Please take the time to read and understand it straight away as not all policies are the same. All risks which are covered are set out clearly in sections with terms, conditions, and things which are not covered; if your circumstances do not fit those specified then there is no cover in place.

## Extension of cover

If you are unable to complete the **trip** before your travel policy expires, cover will be automatically extended without additional premium for the additional days necessary to complete the **trip** in the event of either:

- your death, injury, or **illness** during your trip
- you having to isolate due to an infectious disease during your trip
- delay or failure of **public transport** services during your trip
- delay or failure of your return **flight** to the **United Kingdom, Channel Islands, Isle of Man or BFPO** from your international departure point

If you request an extension of the **period of insurance** (for any reason not listed above), after the commencement of travel you must contact your issuing agent to see if we can provide cover. We will be unable to extend your policy:

- If you have submitted a claim or are aware of a circumstance that could reasonably be expected to cause a claim under this policy
- If the total period exceeds the maximum **trip** duration allowed under this policy

## Cancelling your policies

Under the Financial Conduct Authority's Insurance Conduct of Business, Right to Cancel (chapter 7) You have cancellation rights:

You have the right to cancel this policy, at which point all benefits of the policy will stop.

You have a 'cooling off' period where, should you decide that you find that the terms and conditions do not meet your requirements and provided you have not travelled or claimed on the policy, you can advise your agent, who issued the policy, within 14 days of purchase for a full refund to be considered. Should you wish to cancel your policy outside of the 14-day cooling off period and can confirm that there have been no claims on the policy and that you have not travelled, in addition to a £18 administration charge, the following cancellation terms will be applied dependant on what type of policy you have purchased:

- Single **Trip** policies of one (1) month or less **trip** duration - no premium will be refunded, however in exceptional circumstances we may offer a discretionary refund if you have not already travelled and are not intending to claim or have made a claim (irrespective of whether your claim was successful or not).
- Single **Trip** policies of more than one (1) month **trip** duration - a refund of 50% of the policy premium. If you have travelled or are intending to claim or have made a claim (irrespective of whether your claim was successful or not) we will not consider refunding any amount of your premium.
- Annual Multi **Trip** policies - Provided you have not made a claim (irrespective of whether your claim was successful or not) on the policy and you confirm in writing that there is no claim pending, should you chose to cancel and understand that all benefits of the policy will be cancelled, we will refund 1/12th of the total premium paid, for each full calendar month remaining on the policy from the date of cancellation. If you are intending to or have claimed (irrespective of whether your claim was successful or not) we will not consider refunding any proportion of your premium.

We reserve the right to give immediate notice of cancellation of this policy, without refund, by email and/or recorded delivery to you at your last known address in the event of the following circumstances: fraud, suspected fraud, misleading information or deliberate misrepresentation, abusive behaviour to any of our staff or agents. We also reserve the right to cancel your policy immediately if we have spoken directly to you and you are no longer eligible for cover, examples of this include you not being able to meet the criteria for purchase or us not being able to offer you cover for any **medical conditions**.

## Medical cover

Your travel policy is not Private Medical Insurance, in that it only covers unavoidable, unexpected **emergency treatment**. You are not covered for private medical treatment if we have confirmed medically **capable public facilities** are/were available. You need to check that you have had all the recommended vaccinations and inoculations for the area you are travelling to. It is also recommended that you check with your doctor that it is safe for you to travel bearing in mind your method of travel, the climate and the availability and standard of local medical services in your chosen destination. You will then need to declare your **existing medical condition/s**, and have it accepted by us for it to be eligible for cover under your policy. You may be required to obtain your medical records in the event of a claim. It is often wise to carry additional supplies of your regular prescribed medications in your hand **luggage** in case your bags are delayed. Cover will not be granted if travel is against the advice of any of your medical professionals, such as your doctor or dentist.

## Medicare

If you are travelling to Australia, you must register with Medicare on arrival. There is a Medicare office in all major towns and cities in Australia. Registration is free and this will entitle you to reduce medical charges from doctors, reduced prescription charges and access to Medicare hospitals.

## USA medical costs

Medical providers in the USA routinely charge international patients many times more than it costs them to provide service. As this policy covers reasonable medical expenses, we will not pay excessive or inflated charges for your treatment, so it is important that you do not pay any medical providers up front, either at the time of your treatment or on your return to the UK. They may engage the services of collection agencies, but any correspondence should simply be sent on to us, unanswered: there is no lawful action that can be taken which we cannot step in and take over on your behalf.

## EMERGENCY MEDICAL AND REPATRIATION EXPENSES (POLICY B SECTION 4) (THIS IS NOT PRIVATE MEDICAL INSURANCE)

There is no cover for any expenses incurred in private medical facilities if we have confirmed medically capable public facilities are/were available. We reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

We will pay for trips outside your home country up to the amount shown in the schedule of cover OR up to £1,000 for trips inside your home country for necessary emergency expenses (that are payable within six (6) months of the event that causes the claim resulting from your death, injury, or illness) for:

1. customary and reasonable fees or charges for necessary and **emergency treatment**, to be paid outside **your home country** for medical, surgical, hospital, nursing home or nursing services.
2. additional travel, accommodation, and **repatriation** costs to be made for, or by, **you** and for any one other person who is required for medical reasons to stay with **you**, or a child who requires an escort to travel to **you** from **your home country** or to travel with **you**, where it is deemed medically necessary
3. **your** death outside **your home country** for local funeral expenses abroad limited to the amount shown in the schedule of cover
4. **your** death outside **your home country** for the cost of returning **your** ashes **home** or the return of **your** body to **your home** in the **United Kingdom, Channel Islands, Isle of Man or BFPO**.

### Hospital Benefit

We will pay up to the amount shown in the schedule of cover for:

each full 24-hour period that **you** are in a public hospital abroad as an in-patient during the period of the **trip** in addition to the fees and charges.

### Emergency Dental Treatment

We will pay up to the amount shown in the schedule of cover for:

emergency dental treatment only to treat sudden pain limited to the amount shown in the schedule of cover

### Loss of Medication

We will pay up to the amount shown in the schedule of cover for:

the necessary and reasonable cost of replacing essential medication lost or stolen during **your trip**.

### Provided you are not claiming for:

1. any costs where **you** have not paid **your excess**
2. treatment due to, or a complication of, an **existing medical condition** unless **we** have agreed cover in writing and any additional premium has been paid.
3. any sums which can be recovered by **you**, and which are covered under any National Insurance Scheme or Reciprocal Health Arrangement
4. any elective or pre-arranged treatment or any routine non-emergency tests or treatment, this includes complications as a result of elective, pre-arranged or cosmetic treatment received whilst abroad.
5. costs of private treatment unless **our** 24/7 assistance team has agreed, and **capable public facilities** are not available.
6. replenishment of any medication **you** were using at the start of the **trip** or follow up treatment for any condition **you** had at the start of **your trip**.
7. the cost of early **repatriation** when medical treatment of a standard acceptable by **our** 24/7 assistance team is available locally.
8. the cost associated with the diversion of an aircraft due to **your** death, injury, or **illness**.
9. repairs to or for artificial limbs or hearing aids.
10. the cost of diagnostic tests or treatment for any existing condition other than that which has caused the immediate emergency.
11. any extra costs for single/private accommodation in a hospital or nursing home
12. any costs involving the use of precious metals for any dental treatment.
13. the provision of dentures, crowns, or veneers
14. any treatment or work which could wait until **your** return **home**

If you need medical assistance when you are away, you should call 112 in Europe, 911 in the USA and Canada or the local equivalent of 999

You must then call our 24/7 assistance team, on +44 (0)1444 465 573 to authorise cover.

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide **emergency treatment**, management or care is a clear breach of an established duty of care.

**This is a travel insurance policy and not private medical insurance.** This means there is no cover for any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available. **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

Whilst the actual medical care **you** receive is in the hands of the local doctors treating **you**, **we** can obtain the medical information **we** need from them to establish what is wrong, as well as their treatment and discharge plans. **We** can support **you** in the event **you** are admitted to a facility that may not be capable for **your** clinical needs or where there are concerns over practice. In order for **us** to discuss **your** medical condition with **your** doctors, **you** will need to sign a release of information authorising **our** claims administrator to access **your** medical records. **You** should keep copies of medical documents provided by the local doctors and submit them to support **your** claim.

**We** will then advise on, and can put in place, suitable **repatriation** plans to get **you home** as soon as it is medically safe to do so. **We** will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to **your** individual needs and **your** recovery.

It is important that **you** are aware of the following:

### Medical Treatment (important considerations)

- There is no cover for:
  - routine, non-emergency, elective cosmetic or elective treatment
  - treatment that can wait until **you** return **home**

- Any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available.
- **The 24/7 assistance** doctors are not treating **you**; they are not responsible or in control of the clinical care **you** are receiving in a medical facility.
- **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.
- Having travel insurance does not ensure a ‘fast track’ medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible **you** may have to wait as **you** would in **your** local NHS hospital unless **you** require critical care.
- Once **you** are discharged from hospital this does not always mean **you** are fit to fly **home** – For example, if **you** were in the **United Kingdom** and suffered the same injury/illness, then **you** would not consider flying out on holiday so soon after surgery/treatment/incident. In an instance like this **you** must speak to the 24/7 assistance team for advice.
- Some medical facilities will raise charges that are far in excess of customary and reasonable; **we** will deal with such bills directly and there is no need for **you** to pay them. **You** simply need to pass any correspondence about such bills to **our** claims administrator to ensure **we** can provide full financial protection.

### Repatriation (important considerations for bringing you home)

- Coming **home** straight away is not always an option even if **you** are considered ‘fit to fly’ by the treating doctor.
- **We** have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to **your** individual needs and **your** recovery.
- Most airlines require specific criteria to be met in order to accept a ‘medical passenger’.
- Things change – if **your** health, stability, or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are ‘flying intensive care units’ and are only used to transport critical patients to a hospital in the **United Kingdom** if treatment is not possible where they are.

### In the event that you do receive out-patient treatment when you are travelling

**In European Union Countries** – The Global Health Insurance Card (GHIC) allows **you** (provided **you** are a **United Kingdom** or **BFPO resident**) to access state-provided healthcare in all European Union (EU) countries, excluding Switzerland, Iceland, Liechtenstein. The GHIC is also not valid in Norway, however **you** can use a **UK** passport to get medically necessary state healthcare in Norway. **We** strongly recommend that **you** carry **your** GHIC with **you** when travelling abroad. Remember to check **your** GHIC is still valid before **you** travel. Applying at <https://services.nhsbsa.nhs.uk/cra/where-will-you-live> for the card is free. If **your** GHIC is accepted whilst obtaining medical treatment abroad **your** policy **excess** will be reduced to Nil (with the exception of increased **excess** relating to declared **medical conditions**).

If **you** are travelling outside the EU, then there are some countries that have reciprocal agreements with the **UK** and the Channel Islands and these can be found on [www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEACountries/Pages/Non-EEACountries.aspx](http://www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEACountries/Pages/Non-EEACountries.aspx). Please note **residents** of the Isle of Man or **Channel Islands** are not eligible for a GHIC. Any **UK** issued European Health Insurance Card (EHIC) remains valid until the date of expiry on the card. **You** will be responsible for 75% of the medical charges if treated in a private facility, where **we** have made you aware that there were/are **capable public facilities** available to **you**.

**In Australia** – **you** should enrol for Medicare, and have it accepted.

Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and **your** standard policy **excess** will be waived from any claim **you** may make. **You** will be responsible for 75% of the medical charges if treated in a private facility, where **we** have made you aware that there were/are **capable public facilities** available to **you**.

**In the United States** – **you** should contact the **24/7 assistance team** as soon as possible, **USA** based medical facilities may raise charges that are far in excess of reasonable and customary and due to local practices, **you** may be contacted due to balance billing by collection agencies.

Everywhere else in the World – if there is no **capable public facility** that will treat **you** free of charge, **you** can pay the medical facility and retain all receipts so that **you** can make a claim when **you** get **home** provided the costs do not exceed £500.

**If the costs exceed or are likely to exceed £500; or if you are admitted to hospital, you must call the 24/7 assistance team on: +44 (0) 1444 465 573 to authorise cover**

**If you do not follow these instructions or the advice and recommendations of the 24/7 assistance team your claim may be rejected or not paid in full.**

**There is no cover provided under this section for anything mentioned in the General conditions and exclusions applying to all sections of cover in this policy. (Including any treatment, tests, and associated illnesses for non-declared existing medical conditions). Additionally, no cover is provided under this section for:**
