Information about your policy

It is important that **you** read this policy document along with **your** schedule of cover carefully to ensure that it meets **your** requirements and that **you** understand the conditions and what is and what is not covered by this policy.

The policy is designed to cover most events; however, it will not provide cover for all circumstances, and **we** expect that **you** take all possible care to safeguard against accident, injury, loss or damage as if **you** had no insurance cover.

You will find full details of the cover, conditions, and exclusions in this policy. If **you** have any queries, or require additional cover please contact the **issuing agent**.

Cover is provided for each traveller whose name appears on the insurance documentation and where the policy premium has been paid.

In the event that **you** have paid for a **trip** on behalf of other individuals not insured by this policy please be advised that **your** policy only provides cover for **your** proportion of **trip** costs, as opposed to the amount **you** have paid on behalf of others.

If the Schedule of Cover and limits show NIL/No cover then that section of the policy is not applicable to the insurance cover **you** have purchased.

We have a cancellation and refund policy, which **you** will find in full later in this document.

Accurate and relevant information

You have a duty to answer questions fully, honestly, accurately, to the best of **your** knowledge and any information **you** give to **us** must not be misleading. This applies when **you** take the policy out, at any time during the policy period and in the event of a claim.

The terms of any insurance that **we** arrange on **your** behalf will be based upon the information provided by **you** to **us**. If **you** don't understand the meaning of any question, or do not know the answer it is vital that **you** tell **us**. Once cover has been arranged, **you** must contact **us** immediately to notify **us** of any changes to the information that has been previously provided to **us**. The most serious consequence of failing to provide full, and accurate information, or misleading information before **you** take out insurance or when **your** circumstances change, could be the invalidation of **your** cover and in that instance, it would mean that a claim will be rejected.

We reserve the right to cancel **your** policy from inception and refuse all claims made against it following any fraud, misleading information, or deliberate misrepresentation. In the event that it becomes necessary to cancel **your** policy, **we** will issue immediate notice of cancellation of the policy by email and/or recorded delivery to **you** at **your** last known address.

Criteria for purchase

This insurance is sold on the understanding that **you** agree with all of the following points unless an amendment has been agreed with **us** and **we** have confirmed the amendment to **you** in writing:

- **you** are not awaiting an initial diagnosis for symptoms **you** are currently experiencing. **We** are unable to provide any cover until **you** have a confirmed diagnosis.
- there is no cover under any section of this policy for any claims relating directly or indirectly from any **existing medical conditions**.
- if **your** medical circumstances have changed in any way you must notify **us** of any change, and **we** must have agreed to the change(s) in writing and any additional premium required must be paid.

How your policy works

Your policy wording

Your insurance document shows details of both pre-travel (Policy A - cancellation) and travel (Policy B - all other sections) insurance policies, including the sections of cover, terms, conditions, things which are not covered, and information on what to do if **you** need to claim.

The policy is a legal contract between **us** and **you**.

We will pay for any insured event, as described in the policy, that happens during the **period of insurance** and for which **you** have paid the required premium.

Travel insurance policies have specific requirements for both purchasing and making successful claims. Please take the time to read and understand it straight away as not all policies are the same. All risks which are covered are set out clearly in sections with terms, conditions, and things which are not covered; if **your** circumstances do not fit those specified then there is no cover in place.

Extension of cover

If **you** are unable to complete the **trip** before **your** travel policy expires, cover will be automatically extended without additional premium for the additional days necessary to complete the **trip** in the event of either:

- **your** injury, or **illness** during **your trip**.
- **you** having to isolate due to an infectious disease during **your trip**.
- delay or failure of **public transport** services during **your trip**.
- delay or failure of **your** return **flight** to the **United Kingdom, Channel Islands, Isle of Man or BFPO** from **your international departure point**.

If **you** request an extension of the **period of insurance** (for any reason not listed above), after the commencement of travel **you** must contact **your issuing agent** to see if **we** can provide cover. **We** will be unable to extend **your** policy:

- if **you** have submitted a claim or are aware of a circumstance that could be expected to cause a claim under this policy
- if the total period exceeds the maximum **trip** duration allowed under this policy
- if **your** policy has expired.

Cancelling your policies and “cooling off” period

Under the Financial Conduct Authority’s Insurance Conduct of Business, **you** have cancellation rights:

You have the right to cancel this policy, at which point all benefits of the policy will stop.

You have a ‘cooling off’ period where, should **you** decide that **you** find that the terms and conditions do not meet **your** requirements and provided **you** have not travelled or claimed on the policy, **you** can advise **your issuing agent**, within 14 days of purchase for a full refund. Should **you** wish to cancel **your** policy outside of the 14-day cooling off period and can confirm that there have been no claims on the policy and that **you** have not travelled, in addition to a £18 administration charge, the following cancellation terms will be applied dependant on what type of policy **you** have purchased:

- Single Trip policies of one (1) month or less **trip** duration - no premium will be refunded.
- Single Trip policies of more than one (1) month **trip** duration - a refund of 50% of the policy premium. If **you** have travelled or are intending to claim or have made a claim (irrespective of whether **your** claim was successful or not) **we** will not consider refunding any amount of **your** premium.

We reserve the right to give immediate notice of cancellation of this policy, without refund, by email and/or recorded delivery to **you** at **your** last known address in the event of the following circumstances: fraud, misleading information or deliberate misrepresentation, abusive behaviour to any of **our** staff or agents. **We** also reserve the right to cancel **your** policy immediately with a pro-rata refund if **you** have a change in circumstances prior to travelling and **you** are no longer eligible for cover, examples of this include **you** not being able to meet the criteria for purchase or **us** not being able to offer **you** cover for any **medical conditions**.

Medical cover

Your travel policy is not Private Medical Insurance, in that it only covers unavoidable, unexpected **emergency treatment**. **You** are not covered for private medical treatment if **we** have confirmed medically **capable public facilities** are/were available.

You need to check with **your** doctor that **you** have had all the recommended vaccinations and inoculations by the **UK** government for the area **you** are travelling to. It is also recommended that **you** check with **your** doctor that it is safe for **you** to travel bearing in mind **your** method of travel, the climate and the availability and standard of local medical services in **your** chosen destination.

You may be required to obtain **your** medical records in the event of a claim.

It is often wise to carry additional supplies of **your** regular prescribed medications in **your** hand **luggage** in case **your** bags are delayed.

Cover will not be granted if travel is against the advice of any of **your** medical professionals, such as **your** doctor or dentist.

See ‘In case of serious medical emergency’ section of this policy wording for more details.

Medicare

If **you** are travelling to Australia, **you** must register with Medicare on arrival. There is a Medicare office in all major towns and cities in Australia. Registration is free and this will entitle **you** to reduce medical charges from doctors, reduced prescription charges and access to Medicare hospitals.

Claims

To make a non-emergency claim on the policy please visit <https://www.imglobal.com/member/assistance/claims> or call +44 (0)2920 474 138. Open 9am-5pm Monday-Friday.

In case of a serious medical emergency

In the event **you** become unwell or sustain a minor injury please call **our** 24/7 assistance team first on +44 (0)2920 474 133 so they can help **you** find appropriate treatment locally.

In the case of a serious medical condition please call the local emergency services immediately, 112 in Europe, 911 in the USA and Canada or the local equivalent to 999, particularly if **you** have any symptoms which might require emergency treatment including, but not limited to, difficulty breathing, chest pain, seizure (fit) activity, decreased level of consciousness, heavy bleeding, sudden swelling of the face and lips, signs of a stroke or any other life-threatening condition.

Please note your policy is not a private medical policy:

You must receive treatment in public/state facilities wherever possible. Our emergency assistance team will be able to advise **you** if capable public facilities are available. **We** reserve the right to organise a transfer from a private medical facility where medically appropriate.

You must, in all cases call our 24/7 assistance team on +44 +44 (0)2920 474 133 to authorise cover. Failure to do so may invalidate your claim.

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide **emergency treatment**, management or care is a clear breach of an established duty of care.

Whilst the actual medical care **you** receive is in the hands of the local doctors treating **you**, **we** can obtain the medical information **we** need from them to establish what is wrong, as well as their treatment and discharge plans. **We** can support **you** in the event **you** are admitted to a facility that may not be capable for **your** clinical needs or where **we** have concerns over their medical practice.

In order for **us** to discuss **your** medical condition with **your** doctors, **you** will need to sign a release of information authorising **our** claims administrator to access **your** medical records. **You** should keep copies of medical documents provided by the local doctors and submit them to support **your** claim. **We** will then advise on, and can put in place, suitable **repatriation** plans to get **you home** as soon as it is

medically safe to do so. **We** will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to **your** individual needs and **your** recovery.

It is important that **you** are aware of the following:

Medical Treatment (important considerations):

- There is no cover for:
 - routine, non-emergency, elective cosmetic or elective treatment.
 - treatment that can wait until **you** return **home**.
 - any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available.
- **The 24/7 assistance** doctors are not treating **you**; they are not responsible or in control of the clinical care **you** are receiving in a medical facility.
- **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible **you** may have to wait as **you** would in **your** local NHS hospital unless **you** require critical care.
- Once **you** are discharged from hospital this does not always mean **you** are fit to fly **home** – For example, if **you** were in the **United Kingdom** and suffered the same injury/illness, then **you** would not consider flying out on holiday so soon after surgery/treatment/incident. In an instance like this **you** must speak to the 24/7 assistance team for advice.
- Some medical facilities may raise charges that are far in excess of what is customary or appropriate; **we** will deal with bills directly and **you should not** pay them yourself. **You** simply need to pass any correspondence about bills to **our** claims administrator to ensure **we** can provide full financial protection.

Repatriation (important considerations for bringing you home):

- Coming **home** straight away is not always an option even if **you** are considered 'fit to fly' by the treating doctor.
- **We** have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to **your** individual needs and **your** recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.
- Things change – if **your** health, stability, or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are 'flying intensive care units' and are only used to transport critical patients to a hospital in the **United Kingdom** when medically necessary.
- If **you** require **emergency treatment** during **your trip**, **we** reserve the right to bring **you** back **home**, providing the 24/7 emergency assistance doctor in consultation

with the treating doctor agree **you** can safely travel **home**. If **you** refuse to return **home**, **we** have the right to stop cover with immediate effect.

In the event that you do receive out-patient treatment when you are travelling, you should seek treatment from public/state facilities wherever possible. Please refer to the following for specific areas of travel:

- **In European Union Countries**
- **We** expect **you** to obtain The Global Health Insurance Card (GHIC) which allows **you** to access state-free or reduced healthcare in all European Union (EU) countries, excluding Switzerland, Iceland and Liechtenstein. Although the GHIC is also not valid in Norway, **you** can use a **UK** passport to get medically necessary state healthcare in Norway. **We** strongly recommend that **you** carry **your** GHIC with **you** when travelling abroad. Remember to check **your** GHIC is still valid before **you** travel. **You** can apply at: <https://services.nhsbsa.nhs.uk/cra/where-will-you-live> - the card is free.
If **your** GHIC is accepted whilst obtaining medical treatment abroad **your** policy **excess** will be reduced to Nil (with the exception of increased **excess** relating to declared medical conditions). Any **UK** issued European Health Insurance Card (EHIC) remains valid until the date of expiry on the card.
- Please note Non-**UK/BFPO**, residents of the Isle of Man or **Channel Islands** are not eligible for a GHIC
- **In Australia** – **you** should enrol for Medicare, and have it accepted.
Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and **your** standard policy **excess** will be waived from any claim **you** may make.
- **In the United States** – **you** must contact **the 24/7 assistance team** as soon as possible, **USA** based medical facilities may raise charges that are far in excess of what is customary or appropriate and due to local practices, **you** may be contacted about bills by collection agencies.
- **Everywhere in the World** – If **you** do not receive treatment in a public facility, **our** liability will be limited to £250, unless contact is made with the 24/7 assistance team and full cover has been agreed.

You must contact the 24/7 assistance team if the costs are likely to exceed £500 or if you are admitted to hospital.

Contact the 24/7 assistance team on: +44 (0)2920 474 133 to authorise cover

If you do not follow these instructions or the advice and recommendations of the 24/7 assistance team your claim may be rejected or not paid in full.

If **you** are travelling outside the EU, then there are some countries that have reciprocal agreements with the **UK** and the **Channel Islands** and these can be found on www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEcountries/Pages/Non-EEcountries.aspx .

4. **Your** policy may be cancelled or treated as if it never existed and **your** claims may be rejected or not fully paid if a claim is made relating to an **existing medical condition, illness** or injury of the **Insured Person(s)**, or any person who **your** travel depends on, which **you** or they knew about before **you** bought this insurance, or which develops before **your** outward journey.
5. **We** will not cover **you** if **you** have an undiagnosed medical condition for which **you** have any symptoms or are awaiting a diagnosis, unless **we** have agreed to exclude this and have confirmed this in writing.

Change in circumstances (including change in your health)

If **you** suffer an injury, **illness** or **change in your health**, including any changes to medication, after taking out this insurance but before starting **your trip** (this is known as a change in circumstance). Any change in circumstances must be notified to **us** and accepted in writing in order to be covered under all sections of the policy. **You** will only be covered under the cancellation section of this policy (if **your** cover includes cancellation cover) until **we** have accepted any changes.

To declare a change in **your** circumstances, **you** must contact **your issuing agent** during office hours on 0330 131 9950 to see if **we** can provide cover for **your trip**. **We** may, in the light of such changed circumstances, not be able to continue cover under this insurance. In this instance **we** will cover **you** for any loss of deposit or cancellation charges (if **your** cover includes cancellation cover) **you** have necessarily incurred up to the date of the change of circumstances that are normally covered under Cancellation Policy A section 1 of this insurance, in these circumstances no policy **excess** will be applied. Alternatively, **we** will provide a full refund, provided there has been no claim(s) made under this insurance

Pregnancy

We provide cover under this policy if something unexpected happens. In particular, **we** provide cover under the Emergency Medical and Repatriation Expenses section for **accidental bodily injury** or **illness**. **We** don't consider pregnancy or childbirth to be an **illness** or **accidental bodily injury**.

If you need to claim:

Download a claim form at

www.imglobal.com/member/assistance/claims or call +44 (0)2920 474 138 or write to Travel Claims Team, 3rd Floor, Fitzalan House, Fitzalan Court, Cardiff CF24 0EL.

Our claims handlers will need to see:

- Completed medical expenses claim form.
- Booking invoice(s) for the **trip**.
- Details of the additional medical expenses requested.
- Evidence to support the medical need to incur additional medical examination cost, employing help, undergoing cosmetic surgery etc (such as medical report).
- Invoices, bank / card statements and receipts for self-paid costs.
- Details of other insurance, or third party responsible, if applicable.

This is a travel insurance policy and not private medical insurance. This means there is no cover for any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available.

We reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.

If **you** become unwell, or sustain a minor injury whilst abroad, please call **our** 24/7 assistance team first on **+44 (0)2920 474 133** so that they can help **you** find appropriate treatment locally. However, **you** should call the local emergency services immediately, **112 in Europe, 911 in the USA and Canada or the local equivalent to 999**, if **you** have any symptoms that might require **emergency treatment** including, but not limited to, difficulty breathing, chest pain, seizure (fit) activity, decreased level of consciousness, heavy bleeding, sudden swelling of the face and lips, signs of a stroke or any other life-threatening condition.

You must, in all cases call our 24/7 assistance team on +44 (0)2920 474 133 to authorise cover. Failure to do so may invalidate your claim.

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide **emergency treatment**, management or care is a clear breach of an established duty of care.

Whilst the actual medical care **you** receive is in the hands of the local doctors treating **you**, **we** can obtain the medical information **we** need from them to establish what is wrong, as well as their treatment and discharge plans.

We can support **you** in the event **you** are admitted to a facility that may not be capable for **your** clinical needs or where there are concerns over practice. In order for **us** to discuss **your** medical condition with **your** doctors, **you** will need to sign a release of information authorising **our** claims administrator to access **your** medical records.

You should keep copies of medical documents provided by the local doctors and submit them to support **your** claim.

We will then advise on, and can put in place, suitable **repatriation** plans to get **you home** as soon as it is medically safe to do so.

We will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of **repatriation** that is best suited to **your** individual needs and **your** recovery.

It is important that **you** are aware of the following:

Medical Treatment (important considerations):

- There is no cover for:
 - routine, non-emergency, elective cosmetic or elective treatment.
 - treatment that can wait until **you** return **home**.
 - any expenses incurred in private medical facilities if **we** have confirmed medically **capable public facilities** are/were available.
- **The 24/7 assistance** doctors are not treating **you**; they are not responsible or in control of the clinical care **you** are receiving in a medical facility.
- **We** reserve the right to organise a transfer from a private medical facility to a public medical facility where medically appropriate.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible **you** may have to wait as **you** would in **your** local NHS hospital unless **you** require critical care.
- Once **you** are discharged from hospital this does not always mean **you** are fit to fly **home** – For example, if **you** were in the **United Kingdom** and suffered the same injury/illness, then **you** would not consider flying out on holiday so soon after surgery/treatment/incident. In an instance like this **you** must speak to the 24/7 assistance team for advice.
- Some medical facilities will raise charges that are far in excess of customary or appropriate; **we** will deal with bills directly and **you** should not pay them yourself. **You** simply need to pass any correspondence and bills to **our** claims administrator to ensure **we** can provide full financial protection.

Repatriation (important considerations for bringing you home):

- Coming **home** straight away is not always an option even if **you** are considered 'fit to fly' by the treating doctor.
- **We** have a medical team with experience in aviation medicine who will advise on both the timing and method of **repatriation** which is best suited to **your** individual needs and **your** recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.
- Things change – if **your** health, stability, or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are 'flying intensive care units' and are only used to transport critical patients to a hospital in the **United Kingdom** if treatment is not possible where they are.
- If **you** require **emergency treatment** during **your trip**, **we** reserve the right to bring **you** back **home**, providing the 24/7 emergency assistance doctor in consultation with the treating doctor agree **you** can safely travel **home**. If **you** refuse to return **home**, **we** have the right to stop cover with immediate effect.

In the event that you do receive out-patient treatment when you are travelling you should seek treatment from public/state facilities wherever possible. Please refer to the following for specific areas of travel:

- **In European Union Countries** –
- **We** expect **you** to obtain The Global Health Insurance Card (GHIC) which allows **you** to access state-free or reduced healthcare in all European Union (EU) countries, excluding Switzerland, Iceland and Liechtenstein. Although the GHIC is also not valid in Norway, **you** can use a **UK** passport to get medically necessary state healthcare in Norway. **We** strongly recommend that **you** carry **your** GHIC with **you** when travelling abroad. Remember to check **your** GHIC is still valid before **you** travel. **You** can apply at: <https://services.nhsbsa.nhs.uk/cra/where-will-you-live> - the card is free.
If **your** GHIC is accepted whilst obtaining medical treatment abroad **your** policy **excess** will be reduced to Nil (with the exception of increased **excess** relating to declared medical conditions). Any **UK** issued European Health Insurance Card (EHIC) remains valid until the date of expiry on the card.
- **In Australia** – **you** should enrol for Medicare, and have it accepted.
Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and **your** standard policy **excess** will be waived from any claim **you** may make.
- **In the United States** – **you** must contact **the 24/7 assistance team** as soon as possible, **USA** based medical facilities may raise charges that are far in excess of customary or appropriate, and due to local practices, **you** may be contacted about bills by collection agencies.
- **Everywhere in the World** If **you** do not receive treatment in a public facility, **our** liability will be limited

to £250, unless contact is made with the 24/7 assistance team and full cover has been agreed.

You must contact the 24/7 assistance team if the costs are likely to exceed £500 or if you are admitted to hospital.

Contact the 24/7 assistance team on: +44 (0)2920 474 133 to authorise cover

If you do not follow these instructions or the advice and recommendations of the 24/7 assistance team your claim may be rejected or not paid in full.

If **you** are travelling outside the EU, then there are some countries that have reciprocal agreements with the **UK** and the **Channel Islands** and these can be found on: www.nhs.uk/NHSEngland/Healthcareabroad/countryguide/NonEEAcountries/Pages/Non-EEAcountries.aspx .

3. expenses incurred where **you** have not had the recommended vaccinations and inoculations by the **UK** government for the area **you** are travelling to or taken the recommended medication.
4. pregnancy, if **you** will be less than 8 weeks (or 16 weeks if more than one baby) pregnant before the due delivery date at the start of, or during **your trip** and **you** still choose to travel, unless this is a result of **Complications of Pregnancy and Childbirth**. Normal Childbirth would not constitute an unforeseen event. Please see pregnancy under Health/existing medical conditions of this policy.
5. services or treatment received by **you**, for any form of cosmetic or elective surgery.
6. any services or treatment received by **you** after the date that in the opinion of **our** 24/7 assistance team, in consultation with **your** treating doctor, **you** can return **home**, or which can wait until **you** return to **your home country**.
7. additional accommodation which exceeds the standard of that originally booked or any costs for food or drink.
8. additional **flights** which exceed the standard of that originally booked unless medically necessary and agreed with **our** 24/7 assistance team.
9. any claim where **you** went against FCDO, government, local authority or medical advice relating to any infectious disease.
10. any claim where the risk associated with bringing **you** **home** is greater than the risk of **you** remaining in resort.
11. any claim where **your** return **home** would present unnecessary risk to other travellers.
12. any costs for isolation if **you** contract or are suspected of contracting an infectious disease.

If you need to claim:
